Report :

TITLE : Academic visit of CT-MRI centre for PG Students

INSTITUTE NAME : YMT Ayurvedic Medical College and Charitable hospital,
Kharghar

Planning : The roadmap of yearly visit was made in the first meeting of department. Our department had taken permission from Lotus Imaging Diagnostic Centre for PG student visit.

Objective :

- Theoretical knowledge.
- Practical and clinical skills.
- Thesis skills.
- Attitudes including communication skills.
- Training in research methodology.

Implementation

Name of the centre : Lotus Imaging Diagnostic Centre, Kharghar, Navi Mumbai.

Date of visit: 16th April 2019

Activities:

1. Acquired a basic understanding of how various images are obtained, as well as how basic procedures are performed.
2. Learnt the basics of radiologic interpretation.
3. Developed a logical, orderly and efficient approach to clinical problem solving via radiologic imaging.
4. able to correlate radiologic images with gross anatomy and pathology.
5. Gained an understanding of indications, contraindications and complications of radiologic exams and procedures.
6. Gained an understanding of what is involved in patient preparation for, and experience during, radiologic exams and procedures.
7. Obtained a basic understanding of radiation safety and the physics of radiology.
8. Acquired a sense of what radiologic exams and procedures cost.
9. Gained exposure to the different subspecialty areas of diagnostic radiology.

Conclusion :

Students achieved following points from the visit:

Address- Institutional Area, Sector-4, Kharghar, Navi Mumbai 410210.

Subject- Acknowledgement of successful completion of visit

Respected Head of the Institute/ Head of the Department- Dr. Archana Gharge (HOD)

I am writing on behalf of my institute "Lotus Imaging Diagnostic Centre, Kharghar, Navi Mumbai". To express my appreciation to your students for successfully completing CT SCAN and MRI Centre visits of PG scholars as per postgraduate syllabus curriculum which was scheduled during the period of 16 April 2019. There were.....06....number of students who participated in this educational session.

We are delighted to inform you that your students not only participated actively but also achieved the intended learning outcomes as a result of their engagements during this session.

Outcomes achieved-

1. Acquired a basic understanding of how various images are obtained, as well as how basic procedures are performed.
2. Learned the basics of radiologic interpretation.
3. Developed a logical, orderly and efficient approach to clinical problem solving via radiologic imaging.
4. Gained an understanding of indications, contraindications and complications of radiologic exams and procedures.
5. Gained an understanding of what is involved in patient preparation for, and experience during, radiologic exams and procedures.
6. Obtained a basic understanding of radiation safety and the physics of radiology.
7. Gained exposure to the different subspecialty areas of diagnostic radiology.

Please accept our sincere appreciation for your team's commendable efforts. We look forward to continuing the collaboration and providing the opportunities to your students in future.

Visit Report

Title of the event - Academic visit of Horizon laboratory for PG Students

Date – 13 Dec 2021

Duration – one day

Venue – Horizon laboratory, Kamothe, Navi Mumbai.

Coordinator-Dr. Archana Gharge

Objectives-

- Theoretical knowledge.
- Practical and clinical skills.
- Thesis skills.
- Attitudes including communication skills.
- Training in research methodology.

Description –

INSTITUTE NAME : YMT Ayurvedic Medical College and Charitable hospital,

Kharghar

Planning : The roadmap of yearly visit was made in the first meeting of department. Our department had taken permission from Horizon laboratory, Kamothe, Navi Mumbai for PG student visit.

Implementation

Activities:

- We learnt more about the general principles of Biochemistry.
 - Basic scientific principles of Serology.
 - Clinical presentation, diagnosis, workup of results.
 - Basic principle of laboratory documentations.
 - Quality control of all investigations.

Conclusion :

Students achieved following points from the visit:

DR. G.D. POL FOUNDATION

YMT AYURVEDIC MEDICAL COLLEGE & HOSPITAL

NAVI MUMBAI

Phone: 022- 27744406

Fax: 27749895

Subject- Acknowledgement of successful completion of Laboratory visit

Respected Head of the Institute/ Head of the Department- Dr. Archana Gharge (HOD)

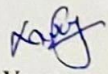

I am writing on behalf of my institute "Horizon Diagnostics, Kamothe, Navi Mumbai". To express my appreciation to your students for successfully completing the Laboratory visit of PG scholars as per postgraduate syllabus curriculum which was scheduled during the period of 13/12/2021. There were..... 03... number of students who participated in this educational session.

We are delighted to inform you that your students not only participated actively but also achieved the intended learning outcomes as a result of their engagements during this session.

Outcomes achieved-

1. Introduced to the laboratory infrastructure and equipment by the head of the Laboratory.
2. Observed various tests on latest machines with updated softwares.
3. Observed the separation procedures of blood components such as plasma, platelets and red cells.
4. Learned about the clinical examinations and precautions and measures to be taken before and after sample collection, segregation and biomedical management.
5. Exhibited excellent clinical skills; Embrace life-long learning.
6. Embody respect for the ideals of equity, diversity and cultural sensitivity;
7. Advocated for improvements in healthcare systems and community health; Embody high standards of professional conduct.

Please accept our sincere appreciation for your team's commendable efforts. We look forward to continuing the collaboration and providing the opportunities to your students in future.

Subject- Acknowledgement of successful completion of Laboratory visit for Microbiology

Respected Head of the Institute/ Head of the Department- Dr. Archana Gharge (HOD)

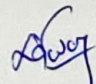

I am writing on behalf of my institute "Horizon Diagnostics, Kamothe, Navi Mumbai". To express my appreciation to your students for successfully completing the Laboratory visit for Microbiology of PG scholars as per postgraduate syllabus curriculum which was scheduled during the period of 15/12/2021. There were.....03... number of students who participated in this educational session.

We are delighted to inform you that your students not only participated actively but also achieved the intended learning outcomes as a result of their engagements during this session.

Outcomes achieved-

1. Hands-on Experience: PG students gained practical experience by performing various microbiological techniques such as culturing, staining, and microscopy. This hands-on experience helped them to understand theoretical concepts better.
2. Understanding Laboratory Safety: They learned about safety protocols and practices essential for working in a microbiology lab, including proper handling of microorganisms, use of personal protective equipment (PPE), and disposal of bio hazardous waste.
3. Mastery of Techniques: Through guided instruction and practice, students understood the techniques like aseptic technique, bacterial isolation, identification methods, and antimicrobial susceptibility testing.
4. Data Interpretation Skills: Analyzed experimental results, interpreted data from biochemical tests, and drawn conclusions based on findings and students developed critical thinking and analytical skills.
5. Application of Theory: They applied theoretical knowledge gained from lectures and textbooks to real-world scenarios, reinforcing their understanding of microbiological principles.

Please accept our sincere appreciation for your team's commendable efforts. We look forward to continuing the collaboration and providing the opportunities to your students in future.

Warm regards

Ref: Visit of Dr Sandeep Rajput and Dr. Sarika mam on 22.1.2022

With reference to the above and subsequent discussions with Dr. Ninad Sathe Sir, initially and Dr. Sarika madam and Dr. Sandeep Rajput, we give below the points discussed / our requirements:

- A camp of Ayurvedic treatment as early as possible, select the needy patient and free treatment and medicine
- A camp for blood group for our 200 patients
- Doctors visits like Physician, Paediatrician, Surgeon etc weekly as maximum days
- Nursing students internship posting - one or two students daily for 2 shifts (we can provide food and accommodation for them).
- Any other points / services - please add.

We request you to kindly make an MOU with the agreed points and start the camp and treatment as early as possible.

Thanking you,

Yours faithfully,

Activity Report

Title of the event - Pathology laboratory visit

Date - on 08/02/2023

Duration - 1 day

Venue – Simira Diagnostics

Coordinator- Dr. Snehal Patil

Planning : The roadmap of yearly visit was made in the first meeting of department. Our department had taken permission from the Simira Diagnostics for PG student visit.

Objectives- Theoretical knowledge.

- Practical and clinical skills.
- Thesis skills.
- Attitudes including communication skills.
- Training in research methodology.

Description –

Activities:

- 1) Introduced to the laboratory infrastructure and equipments by the head of the Laboratory.
- 2) Observed various tests on latest machines with updated softwares.
- 3) Observed the separation procedures of blood components such as plasma, platelets and red cells.
- 4) Learned about the clinical examinations and precautions and measures to be taken before and after sample collection, segregation and biomedical management.

Institutional Area, Sector-4, Kharghar, Navi Mumbai 410210

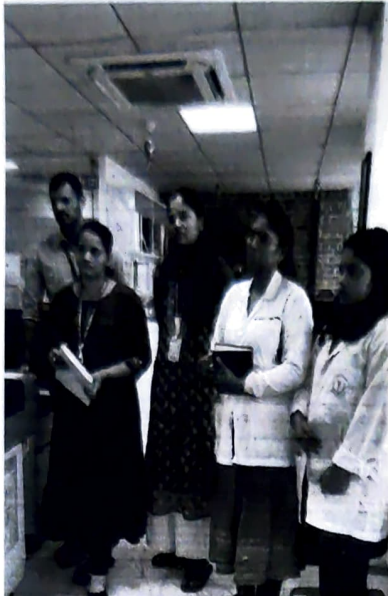

Conclusion :

Students achieved following points from the visit:

- Exhibit excellent clinical skills;
- Embody respect for the ideals of equity, diversity and cultural sensitivity;
- Advocate for improvements in healthcare systems and community health;
- Embody high standards of professional conduct; and,
- Embrace life-long learning.

Feedback of Students:

A great study exposure and a wonderful journey linking the theory and practical. Need such kind of visits which will reduce the gap between the curriculum and reality.
